

A Model will appear when the website is first loaded. It will take up most of the screen in order to flag the required information to the user on first load of the website.

This will contain information to welcome to user, explain what the object of the game is and to instruct on how to start the game.

- Welcome to the funny cartoon animal memory game.
- In order to start a new game, please press the big "Start Game" button.
- The object of the game is to match the all of the animals on all of the cards.
- You will need to match two cards with the same animal in order to have them stayed flipped over.
- You will complete the game once you have found and flipped over all of the cards.
- To beat your score you will need to aim to complete the game in as few moves as possible.
- Overall we hope that you have fun! Thanks for playing.
